INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, presents to subscribers and the general public, this, the latest edition of the Rockingham and Hamlet City Directory. (In all, HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Rockingham and Hamlet's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Rockingham and Hamlet City Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Rockingham and Hamlet, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, and address of each adult resident of Rockingham and Hamlet, and the name, official personnel, nature, and address of each firm and corporation in the communities. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and

855075 Gift Public Lib. of Charlotte & Mecklenburg Co.

concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

This publication also contains a Richmond County Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference as perpetual and reliable advertisements of Rockingham, Hamlet and vicinity.

The Rockingham and Hamlet Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Rockingham and Hamlet City Directory, a Directory Library is maintained in the offices of the Rockingham Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

GENERAL REVIEW

The County of Richmond was cut out of Anson County, and formed November 10, 1779. It was named in honor of Charles Lennox, the Duke of Richmond. There was no town in the new county and the first court was held 3½ miles west of the present town of Rockingham. Then on June 2, 1784, the North Carolina Assembly in session at Hillsboro passed an act establishing the town of Rockingham. The new town was named after the Marquies of Rockingham, Charles Watson-Wentworth. Marquies of Rockingham was a recognized head of the liberal wing of the Whig Party in 1764. In late 1765, the Marquies became Prime Minister of England. It was because of his sympathies with the colonies that the town was named Rockingham.

Rockingham, the County Seat of Richmond County, is located on the edge of the Sandhills region of the state. It is 75 miles east of Charlotte on U.S. Highway 74, 13 miles north of the South Carolina border and is 100 miles south of the state capital of Raleigh on U.S. Highway 1. Since the beginning of our nation, Rockingham and Richmond County have been leaders in the textiles; paper products, hosiery mills, furniture plants, food processing plants and foundries. Agriculture also plays a large part in the economy of Richmond County and Rockingham. There are 125,000 acres under cultivation with 1,542 farm families, with a farm income of $20,414,600 in 1978. The major products on the farms in Richmnd County today: turkeys, broiler chickens, egg production, beef cattle, hogs. Crops grown: corn, cotton, tobacco, watermelon, and hay crops for livestock feed. The Sandhill area is a prime peach producing area. Last year over 270,000 bushels were produced and shipped fresh.

Recreational facilities in Rockingham and Richmond County are excellent. Rockingham

has three parks with swimming pools and tennis courts. The town of Hamlet, 6 miles distance, has two parks with a large public lake. The Richmond Pines Country club has an excellent 18-hole golf course of 6,200 yards par 72. Richmond County has excellent hunting and fishing facilities with McKinney National Fish Hatchery of 514 acres, and the North Carolina Sandhill Wildlife Management Area of 57,000 acres with 10 fishing lakes. Deer, dove and quail hunts are permitted throughout the hunting season. The National Bird Dog Field trials are held at the Sandhill Wildlife Management Area from October 4 through April 1st. In 1965, the N. C. Motor Speedway was completed. This speedway has seating for 50,000 people with a 1-mile paved track. There are two NASCAR races each year, one held in the Spring, and the other in the Fall. The Rockingham International Dragway was completed in September, 1969. There are two races sanctioned by the American Hot Rod Association held every year, one in April and the other in September. This one-mile strip has paved pit and staging area for all participants. Rockingham is located only 30 miles south of the famous Winter resort of Pinehurst and Southern Pines, N.C. with many beautiful golf courses.

Rockingham has always had the distinction of being a retail trading center. The retail area is approximately 75 miles in diameter, and the population in the trading area is 100,000. Retail sales in Richmond County in 1980 were $163,958,858. The retail sales in Rockingham for 1980 were $108,835,162. Rockingham has a sales activity index of 393; a quality index of 193.

The Greater Rockingham area has 22 churches within a 5-mile radius of the center of Rockingham, encompassing 10 denominations. There are 25 civic clubs and organizations active in the Greater Rockingham area. These churches and civic clubs play an active part in the civic development of the community.

The future is indeed bright for the development of Rockingham and Richmond County. Among the programs and projects scheduled in the next few years are: (1) the westside Urban Redevelopment; this program encompasses 74 acres just off the main business district of Rockingham. It is envisioned that the 74 acres will be filled with new business, and service establishments and light industries, more than doubling the size of the downtown shopping area. At the present time, over 80% of the land has been sold and developed. (2) The formation by Richmond County of an Industrial Development Commission and the hiring of a Director of this commission. The Greater Rockingham area has always been an industrial area and the fine calibre of workers found in this region as well as excellent sites should bring about great expansion of our present industries, and an influx of new industries within the next few years. (3) The Richmond Technical College Building was completed in 1967. Already, the programs put on by this Technical College have been of great value to the area. (4) Three units of public housing have already been completed and applications have been made for housing units. (5) The relocation and four-laning of U.S. Highway 220 should have a tremendous impact on this area. 74 is currently being four-laned. Reigal Paper Corporation has established an industrial park of some 1,500 acres that will contain approximately 30 sites for industry location.

Rockingham welcomes industry, business and new residents. The Rockingham Chamber of Commerce will be happy to supply anyone with information concerning Rockingham and Richmond County. Write Rockingham Chamber of Commerce, P.O. Box 86 Rockingham, N.C. 28379. (919) 895-9058.

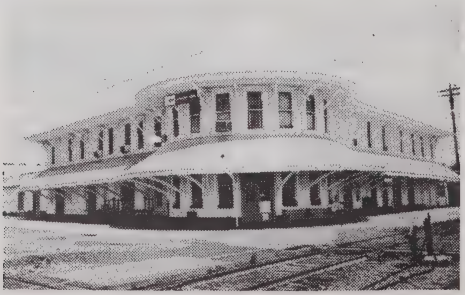
History

Nestled deep in the North Carolina Sandhills, Hamlet was founded and began its growth in the late 1800's, when an Englishman named John Shortridge established a woolen mill to make yarn and cloth for men's clothing. A few years later, a foundry was established near the woolen mill and was operated for several years by Shortridge and his four sons. A railroad was being built from Raleigh to Augusta, Ga., and it was through the influence of this early settler that the track was laid through Hamlet. This influence was destined to shape the future of the small village, resting peacefully in the heart of the "land of the longleaf pine". With the Seaboard Air Line Railroad, Hamlet has grown into a thriving progressive town of about 5,000 residents. A perfect climate has attracted many, and railroad facilities have brought numerous business enterprises to Hamlet. The town prides itself on its abundance of natural resources, its community spirit, and the greatest of all its assets-its people.



National Railroad Museum & Hall of Fame, Inc.

We feel that with the establishment of the National Railroad Museum & Hall of Fame, Inc., in Hamlet, North Carolina, we have a unique opportunity to both preserve a heritage and help create a sense of history, not only within the City and surrounding communities, but in the nation as well.

A more appropriate setting could not be found, for what we have is a Railroad Museum in a small city which is predominantly railroad-oriented, housed in an old Railroad Passenger Station (circa 1895), already designated by the State of North Carolina

and nationally, as a historical site, situated within a few feet of the Main Line Tracks of the Seaboard Coast Line Railroad Company, where Amtrak Trains pass daily, en route from New York to all points in Florida, and back again.

The old Passenger Station will not only house the Museum, but it already houses the Amtrak Ticket Office. The symbolism here is inescapable; railroading of the past, present and future, side by side, the one complimenting the other.

We have a rare opportunity in this outstanding piece of Americana, not only to preserve a building, but by using it as a Railroad Museum, preserving a way of life as well, a way of life that has already disappeared from the American scene - the era of the wood and coal-burning steam-driven locomotives.

Today, artifacts of an earlier era of railroading are fast disappearing in our highly technical society, yet they should be sought out and preserved. It is important that we be ever aware of our beginnings so that we may better understand the present and more surely chart our course in the future.

Aware of the important part Railroads have played in the history of our country, we realize that ours is a goodly heritage and take pride in the fact.

The Hamlet Train Station is very dear to our hearts and we wish to make it available to all train passengers at all times. Too, the North Carolina Department of Cultural Resources is cooperating with us in every way, which means they are quite enthusiastic about the present and future of our project and the Train Station.

Do your employers furnish you with the latest edition of the City Directory?

*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

THE KNOWLEDGE OF

WHERE TO BUY

IS AS IMPORTANT
AS WHERE TO SELL GOODS

Richmond Federal Savings and Loan Association is akin to the old oak tree - our roots go deep - our growth has been slow - and steady and SAFE with our roots firmly implanted in Richmond County. We are 75 years old and we have withstood the economic ill winds of the past and we will stand strong when the economic winds of the present and future continue to blow.

Where do you have your savings planted??? Under the "sturdy old oak tree" or under the short roots of the chinaberry tree??? Your savings dollars at Richmond Federal Savings and Loan are invested in the safest way possible right back into the local community to help the local economy to build homes for local residents. . ., that's the American way! This is the plan that has worked for 150 years since the first savings and loan was organized in 1831. The savings and loan industry in America is celebrating its 150th anniversary during 1981, and we are proud to be counted among these strong and enduring financial service centers! We are YOUR savings and loan - let us serve you well for another 75 years! Invest your money with the institution that has been "Sturdy as an Oak - Since 1906!"

We offer loan plans - on real estate - home improvements - share loans - a plan to suit your needs.

NOW - a new service - checking accounts that pay 5¼% interest - ask us for details.

All this plus the safety of savings insured by the Federal Savings and Loan Insurance Corporation of Washington, D.C.

CASHIERS! TELLERS! CLERKS!

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

A STATEMENT

of

ADVERTISING PRINCIPLES

1. GOOD ADVERTISING—aims to inform the consumer and help him to buy more intelligently.

2. GOOD ADVERTISING—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. GOOD ADVERTISING—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. GOOD ADVERTISING—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

WHAT'S IN A PHONE NUMBER

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telepho number is known, this Numerical Telepho Directory will assist in determining the nai of the subscriber—with this information co bined with other sections of your City Dir tory you may quickly establish such inform tion as wife's name, place of employment, j title, home address, business address and te phone number.
